

Trike Hearse

Giving Bikers & Motorcycle Enthusiasts the Send-off They Deserve

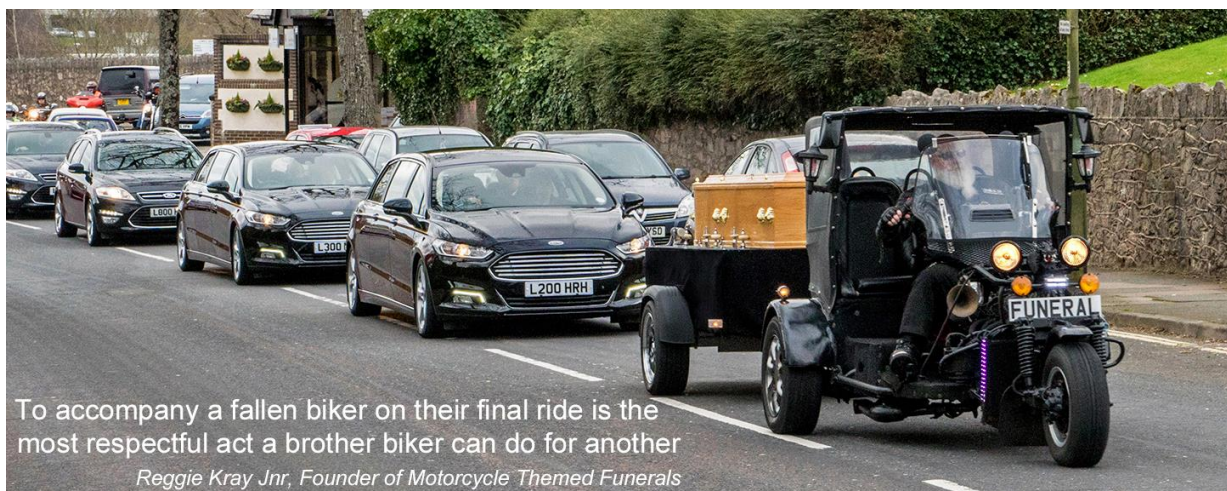

About this service and why I only require a set donation to charity for its use

A 2.9 litre V6 custom-built trike draws a specially made open-top bier, on which the biker's coffin rests. All in black and twenty-five feet in length, together with the roar of its engine, the Trike Hearse gives the ultimate final ride for a biker.

In 2016 I created this service to assist bereaved families who want to give their loved one the send-off they deserve by way of a motorcycle themed funeral but find the cost of hiring in a company to do it prohibitive.

Having been a biker for over 50 years I know the meaning of brotherhood, and your loved one will be in capable hands. It is an honour and a privilege to convey a biker on their last ride and for that reason I could not accept payment in return for this service. Instead I ask that a donation is made in your loved one's memory to [Torbay Bikers for Kids \(Registered Charity No 1200973\)](#), who raise funds that help improve the lives and/or education of children who are disabled or severely ill, living in Torbay and the surrounding area.

To accompany a fallen biker on their final ride is the most respectful act a brother biker can do for another
